Dear Eric,

To whom it concerns,

I Julie Hill confirm that Eric Degroisse & Marie Pierre Bouniol both attended sheepdog training sessions with their dog's to learn "The Natural Way" method, here at Carcant farm the home of nethhillbordercollies November 2021.

I was very happy with their progress and understanding of my method which promotes the dogs natural instincts, communicates using the dogs own language to teach the dog his job so he has a better understanding of why he is been asked to do something rather than just been told.

By attending the hill farm both students gained a good insight in to why we need our dogs to think and react to sheep using their own instincts and why we need to nurture this for the good of the working dog.

Understanding of this & passing on this knowledge hopefully will encourage more people to breed & train for natural qualities that a hill dog requires to do his everyday work and hopefully it will protect the breed that has been selected over many generations & help keep the heritage strong.

Regards julie

> I came to you in November 2021 with my friend Marie Pierre BOUNIOL, I would like to have a proof of my training with you, because in France we need to justify our training with people who have real competence .. I keep a very good memory of our stay and your teaching serves me enormously, waiting for your news

C'est une fausse manip' j'imagine?
A bientôt
Pierre

Salut pierre

Ce n'est pas une fausse manip c'est que VIVEA va demander des justificatifs concernant les formateurs qui anime les stages et risque de ne pas payer si il n'y pas de justificatif.

cordialement

DEGROISSE ÉRIC
